

1/6

Example of microcapillary channels in an 8 x 12 pattern,  
similar to the wells in a 96-well microtitre plate

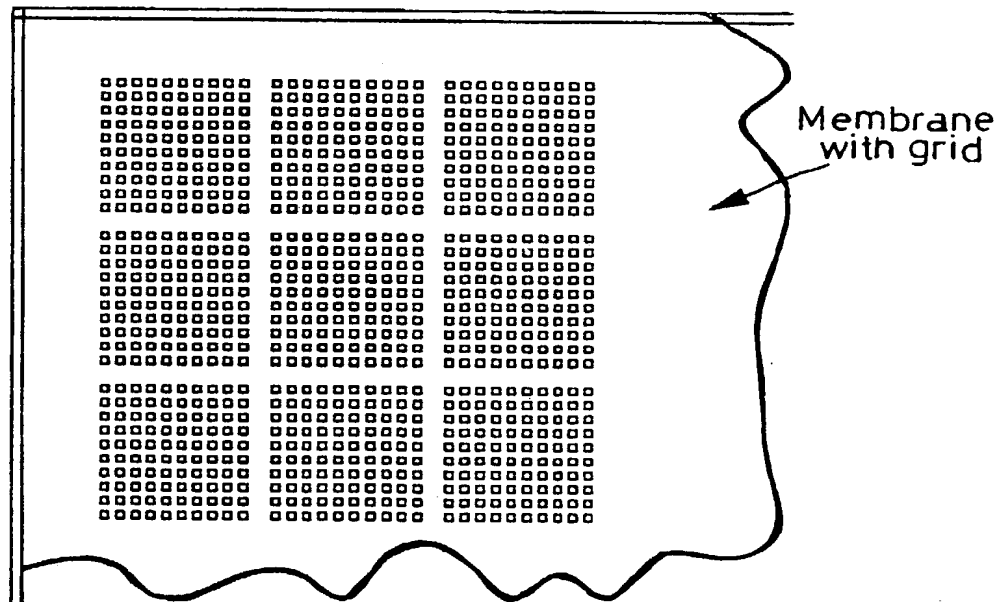

Fig. 1 (a)

216

High density miniaturised well format presentation  
having 3456 wells

Fig. 1(b)

Enlarged view of part of a high density  
gridded array of, eg, DNA

Fig. 1(c)
